fast moving "inconvenient truth" era of the 21st century, what do you do when faced with the development of new evidence that your "insider" business secrets are about to be leaked? In the same way as we sometimes introduce a lower priced replacement when one goes out of production, so we are all tempted to trade "weakening the brand" for what we believe to be a more "flexible" corporate strategy. This is not a "take no prisoners" strategy for this article. I will limit 09e8f5149f
